## *Dedication*

To Our Parents,

It was with much sincerity that you shared the sadness of our disappointments and the sense of achievement that came with each of our successes.

Although we may not always have been demonstrative of our appreciation, we were always grateful. Your faith and encouragement has indeed been our guiding light. For these reasons, we choose to dedicate White Caps, 1961 to you. For your understanding and loving support, we thank you.

*Your Daughter*

## *Dedication*

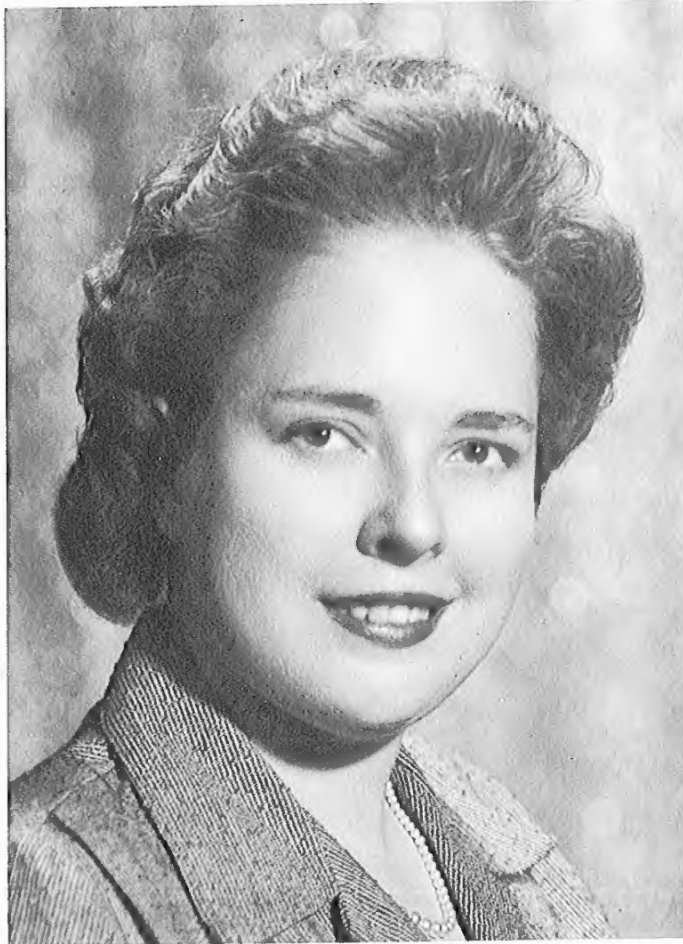

MISS AGNES TOBIN

The Class of 1961 dedicates this edition of White Caps to Miss Agnes Tobin, teacher . . . counselor . . . friend, whose unselfish devotion, patient understanding, and boundless enthusiasm has made our Senior year enjoyable and memorable.

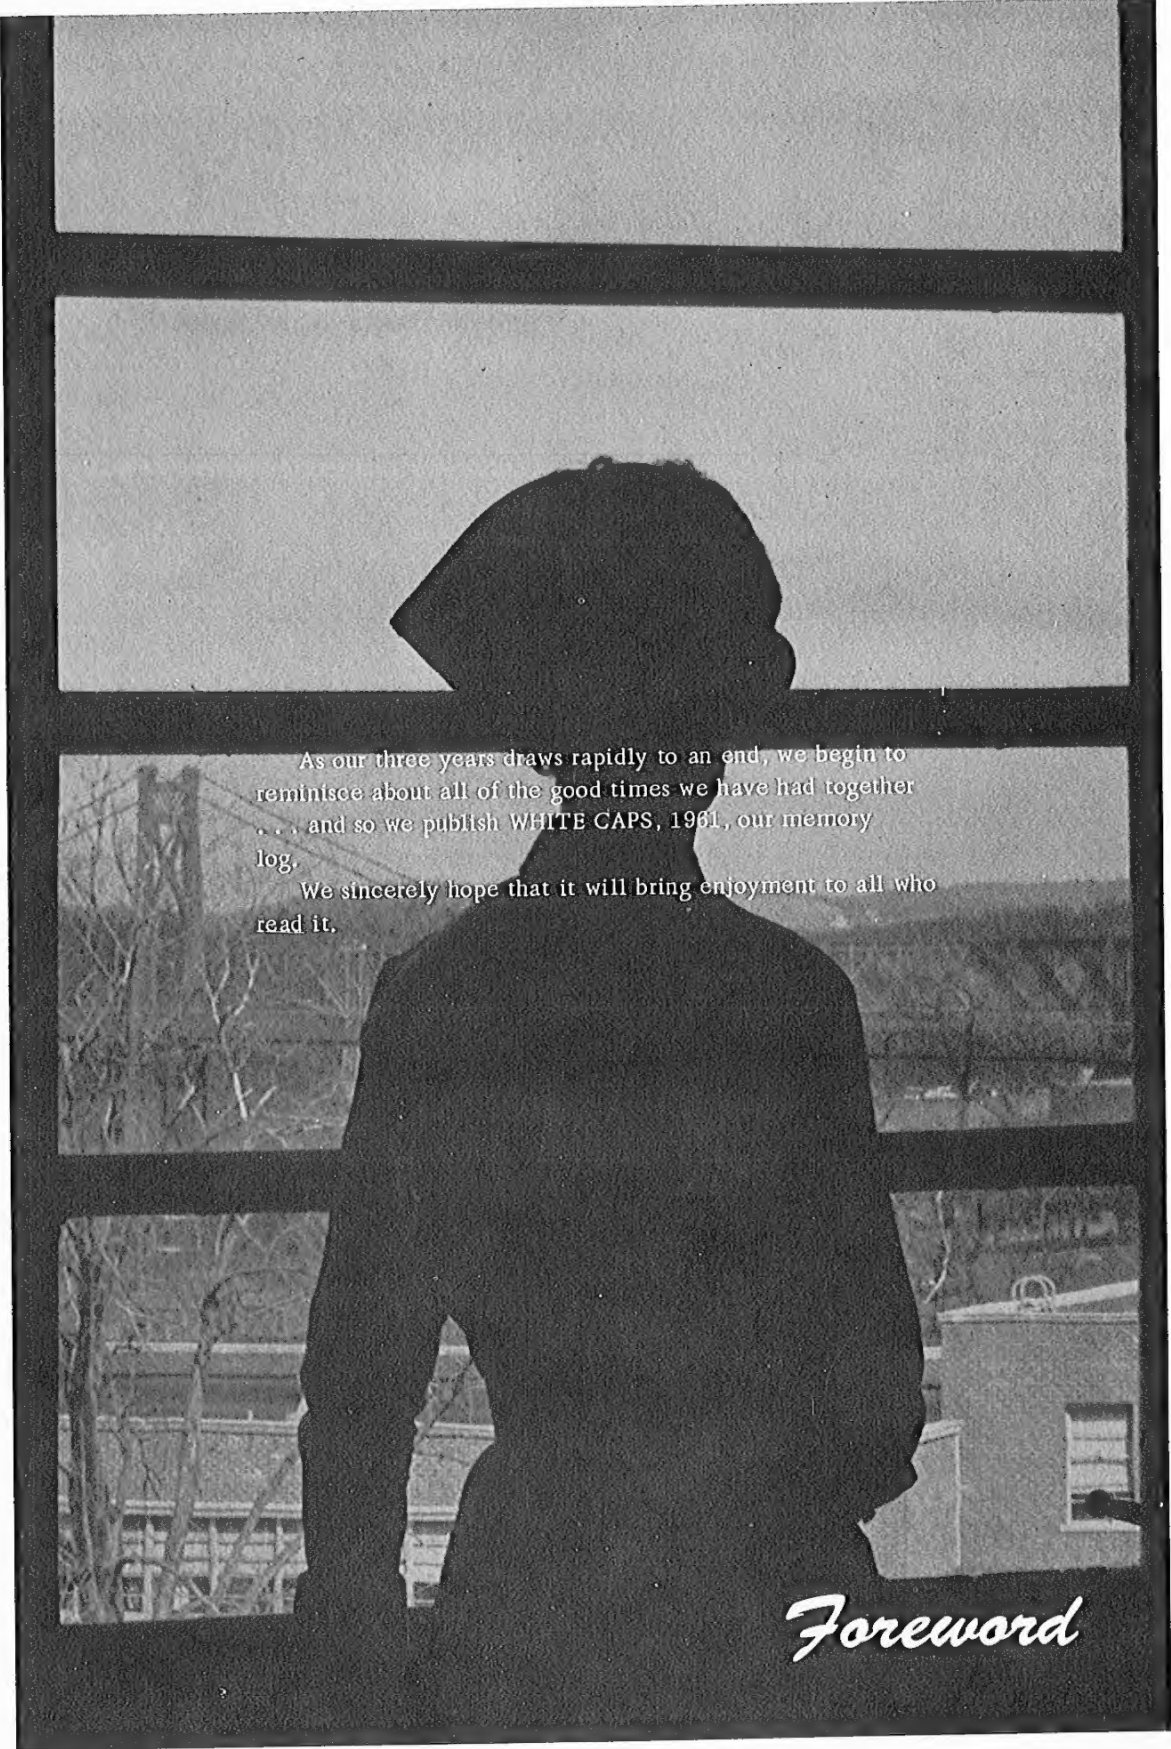

## *Appreciation*

MRS. MARIE WALTHER ANDERSON

To you, we wish to express our sincere appreciation for your help and guidance as class advisor during our Freshman and Intermediate years. These were times of much trial and decision for which you were so very adequately prepared to guide us.

As our three years draws rapidly to an end, we begin to  
reminisce about all of the good times we have had together  
... and so we publish WHITE CAPS, 1961, our memory  
log.

We sincerely hope that it will bring enjoyment to all who  
read it.

## *Class Prophecy*

September 1, 1971, a day I'll never forget. The occasion marked the tenth anniversary since twenty-six young girls first donned the white uniform of a V.B.H. graduate.

The gathering place was Old Tower Home from which we had all departed. Anxious and eager to see the rest of the "kids" I arrived ahead of schedule. My name is Margie Michel. Currently I've been working in Samoa with my former roommate Joanne Smith. We've been studying the possibilities of having a day care center for nurses who wish to leave the mainland. Next to arrive were Mimi Belgert, now an authority on nursing procedures for open heart surgery, and Ginny Watkins, presently working in O.R. and O.B. department at Colorado General Hospital and spending her leisure time skiing on those Colorado slopes. Unable to stall any longer, the four of us headed toward the hospital. On our way we met Jan Ringen, President of the Professional Nurse Appearance Committee, driving to work in her continental sports car. Jan states that a small car saves money to buy more shoe polish.

In the lobby we met Joyce Finch, still running around in circles as head of the building fund committee for the proposed triangular wing. On Circle V we ran into Lesley Torkelson, supervisor of the O.T. Department, and Mary Ellen Phillips, golf instructor in the geriatric unit. They told us that Carol Regg was head nurse of the intensive care unit and Joan Reichelt, student basketball coach. Going to Circle IV we saw Lillie Miner, supervisor of the premature nursery. She was glad to hear that Connie Triolo was managing her own nursery in Cornwall, N.Y. It was then that we learned that Carol Connevey had organized an overnight ready room for T. & A.'s. Going down the corridor we bumped into Carolyn Medlin who had just arrived from Florida where she is an emergency nurse on Miami Beach. We also met Roseanne LaCourte, O.R. instructor and advisor to SNANYs. She told us to be sure to read Mary Gilbride's new book, "Things to know when working in Cysto."

On our way back to Old Tower, we met Mary Marino and Ann Odell who had just come down from HRSH where they work in the Psychodrama department. During a buffet, we learned that Mona Kusch and Nancy Omland were doing Frontier Nursing and that Barbara Smith and Pat Rygel were office nurses.

We all listened intently as Judy Persichelli told of her travels in all the fifty states and while Sue Houran told of her position as a nurse in an American Hospital in Paris. She corresponds frequently with Bev Carson who is directress of nurses in a Turkish hospital.

Bernie Jackson entertained the party by telling some cute quips of school nursing.

Yes, this was a day I'll never forget!!

# *Do You Remember?*

Graduation comes and brings with it sighs of relief, sounds of joy and tears of happiness . . . as well as sadness. Much has happened in our three years at V.B.H., and we want to remember all of it. We're sure that at our post-graduation meetings, we'll be saying to one another as we reminisce, "DO YOU REMEMBER":

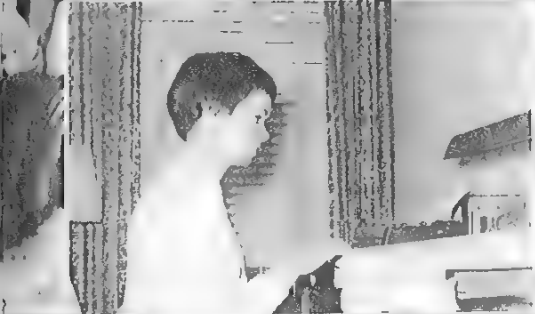

When Mary walked her patient to Cysto, chart in hand cap tied under chin.  
When Mary passed fluids on the dressing cart.  
When Mary wasn't in trouble.  
When Ginny wasn't eating yogart.  
When Patty wasn't blushing. When Joanne wasn't in love.  
When Connie went to bed with her sneakers on.  
When Ann transfused herself.  
When Joyce inspected the library at the Frat party.  
When Mary came home from the same party on a motorcycle.  
When Joanne and Bernie disrupted the dorm and then came in late on top of it.  
When Margie got her dorm coat.  
When Mimi did "I've come for the rent."  
When Carol lost her grass skirt doing the hula.  
When Bev wore her pin upside down for her class picture.  
When Carolyn did the "Chinese Lock and Loll."  
When Sue sang the wrong word in the Heidelberg Song.  
When the curtain opened and Flip stood there in her bra.  
When Judy ran. When Smitty walked.  
When Carol chased her suitcase down a dark subway.  
The night Joanie gave cha-cha lessons.  
When Lillie was Santa Claus to Margie in New York.  
When someone dared steal Jan's Morgan.  
When Torky learned the ballet.  
Mary before "43 beans."  
When the Mad Bomber scared Nancy into riding the bus.  
When Roseanne locked the doctor and his patient in a room at H.R.S.H.  
When Mona did the twist.

The spaghetti supper, The variety show, T.G.'s, P.H., H.R.S.H., Sorrento's, New Tower, Old Tower and all the luaus we had. Then there was basketball, softball, parties, picnics . . . we could go on and on on. It's been a fabulous three years!!!

## SUCCESS IN EDUCATION

During the years of formal education, the student is exposed to many facts -- many truths. Data is accumulated, formulas memorized, sources for further research discovered. Principles and laws are discussed and assimilated.

Great stress is placed on factual accuracy, particularly at examination time.

But the real test of education comes after graduation.

That test is how we live as individuals responsible to ourselves and to society.

Bigotry -- hatred of others because their beliefs do not coincide with ours... Prejudice -- antagonism towards those who do not conform to our ideas of perfection... These are proofs of an education that has failed.

If we have learned to love our fellow man, to be tolerant of his shortcomings without imitating them, to be respectful of his principles without compromising our own...

Then has our education been successful.
